## WINTER IS COMING!

### :: COMPANY REMINDER ::

Will Call Customers - Check your tank level often so you don't run out & end up paying extra fees. Company policy requires 2 business days' notice on deliveries.

The safety of our customers is our #1 priority.

### PROPER CARE OF TANKS IN WINTER

- Clean snow off tanks with a broom, not a shovel
  - Do not attempt to remove ice from the tank and equipment
- Do not pile snow & ice over regulators and valves
- Keep a path clear of snow & ice to your tank so we can safely deliver your propane

### PROPANE SAFETY TIP

#### RUNNING OUT OF GAS

DON'T RUN OUT OF GAS. SERIOUS SAFETY HAZARDS, INCLUDING FIRE OR EXPLOSION CAN RESULT.

- If an appliance valve or a gas line is left open, a leak could occur when the system is recharged with propane.

Therefore, for your safety, here at Mountain West Propane, it is our company policy that a leak test is done before reintroducing propane back into the system.

### Employee Spotlight

Tami Duncan, wife of Shane Duncan, has been working with MWP for 15 years. She takes care of Payroll & Accounts Payable. Tami & Shane have three children.

Kortlyn is 10 and Emma is 6. Their son, Ethan, is 5 years old.

Tami & Shane are expecting another baby, so Tami will be taking a step back from her office work at MWP. We appreciate all her dedicated and exceptional work over the years. However, she may still help out "once in a while" when needed. We wish Tami & Shane's family much happiness and congratulations on their new arrival expected in January 2013!

## THANKS FOR 30 YEARS OF BUSINESS!

In July of this year, we celebrated 30 years in business. We are so grateful to all of our wonderful customers for your many years of support and we look forward to many more years in this great community.
