PROPANE SAFETY TIPS

The propane regulators on your tank and on your house are key to your propane system and they need to have easy and quick access, especially the one on the house in case of an emergency and/or needs serviced. Remember! Regulators do not last forever!

Advantages of being on a Route (Keep Full) Customer

- 1) Route Discount of .10 cents off per gallon!
- 2) Let us monitor when you need more propane so you don't have to watch your tank.
- 3) No out of gas fees or emergency delivery charges if you run out.
